At the Verandah Hotel, knot by Mrs. En wavepares and her son-in-law Mr. Bacura, there is a contleman from Scott County, Ky., who, for tiedes months, suffered greatly from a chronic disease of the stomach and bowels, which could not be removed by the most approved practice, respected and continued as it was for the Dector's subs. He had paid his Doctor's Bill, without any calculation of making another, thoking it was of no use; and no one expressed any hope of his recovery except a stranger, who happened to pass that way, and advised him to a different course of treatment, which has this recommendation, that in few weeks time it has made him feel like engaging in business. But why does he come out of this spell of sickness a strong advocate of Dr. Arnold's Union Pills? Because, they are the principal remady used in the treatment of his case; and to their efficacy he is principally indebted for his zegovery. Should not such cases be published! Dr. Morse's Invigorating Elixir or Cordial. The day has passed when a great remedy could be cried down by pseudo-science. The attempt has been made to depreciate the merits of the Elixir or Cordial, but in vain, Dr. Morse has a reputation too high in the scientific world of both hemispheres to be reached by the carpings of the invidious. Look at the attested cures wrought by this preparation. They comprehend dyspepsia, barrenness, every kind of disease peculiar to females, nervous maladies of all kinds, liver complaint, chronic afflictions of the stomach and bowels, general prostration, impotency, incipient paraleais, hypochondriasis, head-ache, constipation, and innumembre complaints which it is impossible to specify in an advertisement.
